

Super 5K Family Fit Fest!

Activity booths ~ Music ~ Food vendors
Foam party!

At CPC (Community Partners for Children), we believe in the power of education, compassion, collaboration, partnerships, and community. We believe every child deserves early childcare and education at the highest standards. Our upcoming fundraising event is not just about raising funds; it's about transforming lives. All proceeds go to CPC's programs.

Bataan Memorial Park

Saturday, September 14

8AM-4PM

About CPC

Community Partnership for Children (CPC) is a non-profit organization dedicated to promoting the well-being of young children and families.

CPC's Achievements through Fundraising:

- **Family Leadership Team (FLT):** Our FLT gives voice to local families, empowering them as change agents. Their insights and experiences guide our programs and policies.
- **After-School Care Program (Kids Space):** We created an after-school care program in partnership with local entities. Our plans include adding a second program this summer, ensuring a safe and engaging environment for children.
- **Support for Home-Based Childcare Businesses:** We actively support new home-based childcare businesses, promoting quality care options for families.
- **Collaboration with Ancillary Support Services:** By collaborating with ancillary support services, early intervention programs, and home visitation initiatives, we strengthen our holistic approach to child well-being.
- **Workforce Opportunities:** We've increased local Early Child Education workforce opportunities, attracting passionate educators who shape young minds.
- **Learning Network for Kids (LINKS):** Our innovative partnership brings together Grant County's top childcare centers, dedicated teachers, and engaging curriculum. Through LINKS, we create a vibrant learning ecosystem for our children.

2024-2025 Initiative

Empowering Families, Nurturing Children

CPC has introduced a new initiative to assist families and caregivers in Grant County.

By offering both in-person and virtual training sessions, parents, caregivers, grandparents and kin can gain valuable knowledge on early childhood development, family welfare, and positive outcomes for their children. Here are some key components of the program:

- **Brain Development:** Sessions focus on effective strategies for brain development.
- **Early Childhood Development:** Various essential aspects (cognitive, linguistic, physical, and social-emotional) are discussed.
- **Early Literacy:** Techniques to enhance literacy skills are provided.
- **Healthy Well-Being:** Encouraging overall health and well-being.

Want to Contribute in Other Ways?

We are currently looking for event volunteers, vendors, activity/info booths, hydration station support, or cash donations.
